It is simple to participate in the trade-in program, once you have ordered your new Saeco, Jura or Miele Coffee Center, simply return the trade-in product with this form in outer-packaging that the new unit arrived in. You are going to keep the factory/retail box with which the new machine was enclosed in. The outer protective packaging is the box we recommend to return the trade in.

You may also send your trade-in using a box of your choice, please make sure to package the unit per the guidelines listed on the given link below:
